**STATEMENT REGARDING BIOLOGICAL DEPOSIT**  
**UNDER 37 CFR §§ 1.801-1.809**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Applicants submit this statement regarding the deposit of biological material in connection with the above-identified patent application.

1. Applicants state that the deposit of Korean Collection for Type Cultures Accession Nos. KCTC 0531BP and KCTC 0691BP referred to on page 23 of the specification of the above-identified patent application has been accepted by the Korean Collection for Type Cultures ("KCTC") at Korean Research Institute of Bioscience and Biotechnology (KRIBB), #52, Oun-dong, Yusong-ku, Taejon 305-333, Republic of Korea, an International Depository Authority under the provisions of the Budapest Treaty. The acceptance of these deposits is confirmed by the Receipts included at pages 29-30 of the specification, copies of which are submitted herewith.

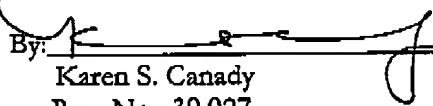

2. All restrictions upon public access to the deposit will be irrevocably removed upon the grant of a patent on this application, and the deposit will be replaced if viable samples cannot be dispensed by the depository.
3. The material has been deposited under conditions that ensure that access to the material will be available during the pendency of the patent application to one determined by the Commissioner to be entitled thereto under 35 CFR §1.14 and 35 USC §122.
4. The deposited material will be stored with all care necessary to keep it viable and uncontaminated for a period of at least five years after the most recent request for the furnishing of a sample of the deposited material, and in any case at least thirty (30) years after the date of a deposit or for the enforceable life of the patent, whichever is longer.

Respectfully submitted,
